

I am recieving more and more telemarketing calls and mail each day. Far too many "hang-up" calls!!! I cannot tolerate it anymore and am thinking of getting rid of my land phone service. I have noticed that cell phones do not recieve telemarketing calls due to per call fees...I may get one for this reason alone. I have NEVER bought anything over the phone and NEVER will. I am sick of this harrassment! That is what it IS!

STOP THIS COAST TO COAST AGGREVATION. WE HAVE ENOUGH TO DEAL WITH EVERYDAY!!!!!!

AND...at EVERY community mailbox (at every apartment/condo/housing in every town/city/state) in this country there is a large trash can filled EACH DAY with unwanted junk mail (trees!) Think about that!
